

Standard Lap

PART NO. SYSTEM

SAMPLE PART NO.
M D A 2 6 2 8 - E - 0 1 0

This versatile restraint is widely used for passenger seats. The lift lever configuration is a standard in the general and commercial aviation markets.

The ABISS line is made of stainless steel to prevent rust and corrosion. Custom plating as well as engraving can be performed easily. The difference between the MD and the ME are the barslides on the ME.

BUCKLE CODES		
CODE	P/N	DESCRIPTION
